

Testimonial

I am also happy to say that I received a nice contract out of this book. I have decided year to increase my ad size and give more information to the prospective customer. Thank you for your ad suggestions.

September 13th, 2010
Attn: Rick LeBlanc,

This will be our 2nd year advertising in the InfoTel Directory and I'm pleased with the business my ad has generated. I know for a fact that I received calls from InfoTel because InfoTel is the only phone book that I'm in. InfoTel is the only place that I advertised Mac and PC service and I have received numerous calls regarding that. I am also happy to say that I received a nice contract out of this book. I have decided year to increase my ad size and give more information to the prospective customer.

Thank you for your ad suggestions.
