

# Testimonial

**In 2010, I ran an aggressive radio campaign with very little results. Yet I know that my business has doubled in my second year with Info-Tel, so I am doubling my advertising program with Info-Tel for the year 2011. I look forward to advertising in your book and seeing my business grow more as a result.**

November 10, 2010

Dear Brad Jaspersen;

I wanted to thank you for helping me pick out the right program for my new business.

2009 was my first year advertising with Info-Tel and you are the only book I advertise in. I am happy to tell you my results could not have been better. I know I get about 75% of my business from your book and from both of my ads. I am surprised at how much of a response I got from my listing under Window Cleaning, it has paid for itself at least 10 times over.

In 2010, I ran an aggressive radio campaign with very little results. Yet I know that my business has doubled in my second year with Info-Tel, so I am doubling my advertising program with Info-Tel for the year 2011. I look forward to advertising in your book and seeing my business grow more as a result.

Yours truly,

Margita Heggie
