To Brad Jespersen,

This was my first year advertising with InfoTel.

I am very pleased with the results. I have had many inquiries from my ad and about 80% of the calls resulted in business. I am happy to let you know that not only did the ad pay for itself but I have at least brought in two to three times more revenue that what the investment in my ad was.

I look forward to a continued growth this next year.

Sincerely,
