Dear Brad,

I am writing in regards to our InfoTel advertising program.

We are very pleased with the results that we achieved out of the Penticton InfoTel Directory.

In fact, we are a Toro Dealer for Penticton and the South Okanagan, and constantly get calls from Penticton. We do not advertise this fact in the Penticton Telus Yellow Page Book, so we know for a certainty that these calls are generated by the Penticton InfoTel directory.

We look forward to our continued advertising relationship with InfoTel.

Sincerely,

Victor Dias
